

Connect With Kids

Assets Make the Connection

I imagine a community where all young people's needs are met and their voices heard!

Connect with Kids Champions are ordinary people who make an extraordinary effort to let young people know they are cared for and valued in our community. Chances are, you know someone who makes the time to connect with Arlington children and teens in a special way. Nominate him or her and let that example inspire each of us to be a champion in a young person's life.
